## RELEVANT EXPERIENCE

### FRONTEND DEVELOPER @ BUYBARTER

March, 2023 // Contract

- Developing complex user interface components using React.js, ensuring high performance, scalability, and reusability of code across multiple projects.
- Worked closely with cross-functional teams to translate design concepts and requirements into functional software

### FULLSTACK ENGINEER @ FAIREMART

July, 2023 // Contract

- Designing backend architecture for REST API
- Collaborating with product designer to conceptualize and implement user interface in ReactJs
- Designed API routing in Node backend which exposed auth, and CRUD routes to MongoDB using Mongoose.

### FRONTEND DEVELOPER @ WROTA

Feb, 2022 - April, 2022 // Contract

- Worked with a designer to build a landing page for a child literacy mobile application.
- Developed and shipped highly responsive web application implementation of UI design in Figma.

### FULL STACK WEB DEVELOPER @ NEWSON

Aug, 2021 - Oct, 2021 // London, UK

- Developed complete extension of company website (using Django, HTML and CSS) and identified ideas to improve efficiency of operations by at least 20%.
- Designed an entity relationship diagram for new company database.
- Collaborated closely with CTO to refine company product according to customer feedback via weekly online meetings.

## SKILLS

### PROGRAMMING LANGUAGES

Python, JavaScript and TypeScript, HTML5, CSS3/Sass, C, Java, SQL, Bash

### LIBRARIES AND FRAMEWORKS

React, Redux, Node, Express, Tailwind CSS, Sequelize, Mongoose, Styled Components

### TOOLS AND PLATFORMS

Git, Github, Docker, AWS, MySQL, Redis, Mongo, MSSQL Server, Netlify, Firebase

### DESIGN

Figma

## EDUCATION

### UNIVERSITY OF IBADAN

2021 - 2025 // Ibadan, Oyo

Bachelor of Engineering in Electrical Electronics Engineering

### HOLBERTON SCHOOL - ALX

2022 - 2023 // Online Certification

Professional Certificate in FullStack Software Engineering

### UDACITY

July, 2022 - Nov, 2022 // Online Certification

Nanodegree in Cloud Development

## INTERESTS

Artificial Intelligence, 3D Game Development, travelling, reading.
